WELCOME TO AUSTRALIA**Why Study in Australia?**

It may surprise you to learn, but Australia is the third most popular choice for international students behind only America and the United Kingdom. This is because we boast an exceptional history of providing high quality education, consistently, over many years.

With an estimated population of 25 million, we are one of the least populated countries with most people settling near coastal areas. Owing to our natural resources, we are one of the most affluent.

As a country to visit we have so many points of natural beauty and world-famous landmarks you will not know where to begin your adventure. There are of course several thousand kilometres of beaches with Fraser Island in Queensland the world's only Sand Island.

Our landmarks include the sacred Aboriginal 'Uluru' or Ayers Rock, the Sydney Opera House and Harbour Bridge, Great Barrier Reef, Blue Mountains of New South Wales and the amazing beaches of Queensland. There are also many tropical rainforests and waterfalls which offer walking tracks through the beauty of the Australian Bush.

Australia consists of six states and two territories with the Southern States having temperatures a little more varied with snowfields active in winter, whilst the more Northern have a tropical climate all year around which sees winter days in Queensland range between 18-28 degrees.

We are also home to some of the rarest fauna and wildlife with kangaroos and koala being native to the land as well as emu, ostrich, camel, the dingo (wild dog) and some of the most amazingly marked birds with the distinctively sounding Kookaburra heard to chirp at sunrise and sunset denoting the opening and closing of each day.

With excellent transport networks, culture and lifestyle choices to meet all needs, Australia not only boasts a phenomenal track record in education but also an amazing experience for those who choose to study here.

The people

Australia's population on 20 January 2020 was 25,575,489. Population density is among the lowest in the world, with an average of 2.5 people per square kilometre – no-one's within cooee (shouting distance) in the outback. Most people live along the eastern seaboard, with a smaller concentration on the south western coast. Living in one of the world's most culturally diverse countries – 23% is foreign-born – Australians incorporate a wide variety of influences into the way they live and play.

The places

Australia's states and territories each have unique characteristics. Explore one at a time or, when your studies have finished, visit them all in one big loop! This would mean over

14,000km of highway, not including side trips to beaches, forests, mountains, country towns... If you'd rather not go far from where you're studying, you'll still find there's plenty to keep you entertained.

ATMs, Eftpos, Credit Cards & Bank Accounts

Branches of the ANZ, Commonwealth, National Australia Bank, Westpac and affiliated banks are found all over Australia, and many provide 24-hour automated teller machines (ATMs). Most ATMs accept cards issued by other banks and are linked to international networks.

Eftpos (Electronic Funds Transfer at Point of Sale) is a convenient service that many Australian businesses have embraced. It means you can use your bank card (credit or debit) to pay directly for services or purchases, and often withdraw cash as well.

Credit cards such as Visa and MasterCard are widely accepted for everything, including getting cash advances over the counter at banks and from many ATMs. Charge cards such as Diners Club and American Express (Amex) are not as widely accepted.

Opening a local bank account is easy for overseas visitors provided it's done within six weeks of arrival. Simply present your passport and provide the bank with a postal address and they'll open the account and send you an ATM card. After six weeks you need to provide more identification (ID), such as a passport, a birth - certificate or an international driving licence with photo.

Currency & Exchanging Money

Australia's currency is the Australian dollar, made up of 100 cents. There are 5c, 10c, 20c, 50c, \$1 and \$2 coins, and \$5, \$10, \$20, \$50 and \$100 notes. Prices are often marked in single cents and then rounded to the nearest 5c when you pay.

Changing foreign currency or traveller's cheques (see following) is usually no problem at banks throughout Australia or at licensed moneychangers such as Travelex or Amex in cities and major towns.

Travellers Cheques

The convenience of internationally linked credit and debit card facilities in Australia means that travellers cheques are not used much. Nevertheless, Amex, Thomas Cook and other well-known international brands of travellers' cheques are easily exchanged. You need to present your passport for identification when cashing travellers' cheques.

Food

Australia is one of the most dynamic places in the world to eat, thanks to international culinary influences and a dining public willing to give anything new a go. Anything another country does, Australia does too.

Vietnamese, Indian, Fijian, Italian – no matter where it's from, there are expats and locals keen to cook and eat the cuisine. Due to the country's huge size, the climate varies a great deal from north to south. This means that at any time of the year there's an enormous variety of produce on offer, including Australia's justifiably famous seafood.

Food tourism and food festivals are blossoming. Melbourne, for instance, has its own month-long food-and-wine festival in March. There are harvest festivals in wine regions, and various communities hold annual events, such as Clare Valley's (South Australia) Gourmet Weekend.

Christmas in Australia, in mid-summer, is less likely to involve a traditional European baked dinner, and more likely to be replaced by a 'barbie' (barbecue), full of seafood and quality steak. Various ethnic groups have their own celebrations. The Indian community brings out delicious sweets during Diwali; the Chinese annual Spring Festival (Chinese New Year) involves sumptuous banquets; and Australia's Islamic community marks the end of Ramadan with the festival of Eid al-Fitr.

A great feature of the restaurant scene, which also makes eating out less expensive, is 'BYO' (Bring Your Own). If a restaurant says it's BYO, you're allowed to bring your own alcohol. If the place also sells alcohol, the BYO is usually limited to bottled wine only (no beer, no casks) and a corkage charge is often added to your bill.

Australia for Free

There are plenty of activities that cost nothing or next to nothing for those on a budget. Appreciate Australia's stunning natural beauty and native animals with walks through its pristine national parks – there are more than 500. Enjoy endless walks along endless beaches; go people watching at fantastic markets; learn about Australia's art and heritage at excellent free galleries and museums (see the Culture section); or attend some typically Australian festivals, like the surf life-saving competitions on beaches all around the country during summer.

Costs of living

There is no doubt that Australia is the perfect place to enjoy a quality education and outstanding quality of life. What makes it even better is that Australia offers excellent value for money, with living expenses and tuition costs comparable to the United Kingdom and United States.

Australians enjoy one of the highest standards of living in the world - without the expensive price tag. An average international student in Australia will spend about \$360 a week on accommodation, food, clothing, entertainment, transport and telephone. Remember, though, that this figure depends on your location, lifestyle and even your course.

You can seek further information on living costs from the Institute.

Working while you study

As a student visa holder, you are allowed to work up to 40 hours a fortnight during term time and as many hours as you like during holidays.

Medical assistance

Emergency medical treatment is available 24 hours a day at the emergency or casualty department of a public hospital, or at some medical centres. Public and private hospitals are listed in the White Pages telephone directory under 'Hospitals' and you can also find them by searching on the internet.

If you need to go to hospital, remember to bring your health insurance card and any medicines you are currently taking. For anything other than an emergency, seek medical help from a general practitioner (GP) or local medical centre

Ambulance

Ambulances provide immediate medical attention in an emergency and emergency transportation to hospital. To access an ambulance, call 000.

Emergencies

For emergencies such as fire, ambulance or police, phone 000. When you dial 000, you will be asked whether you want fire, ambulance or police and why you want this assistance. You will also be asked for your name and address and telephone number.

Australia police protect people and properties, detect and prevent crime, and preserve peace for everyone. They are not connected to the military or politics. The police can help you feel safe.

Accommodation Options

There are many options for accommodation in Australia to suit the different needs and budgets of all students. The following information is from the www.studyqueensland.qld.edu.au website.

Homestay

You know that every family is different, even within your home country. So, you know that it will take you a while to settle in and get used to your new home. Be patient, accepting and try to have a sense of humour, even if you are tired or homesick.

There is a wide variety of what is “normal” behaviour for families in Australia. Australian families may have one parent (either the mother or the father) or both parents living together with children. Some households may include grandparents, aunts or uncles as well.

In many families, both parents work full time, so children of the family may be quite independent - making their own breakfasts, lunches and/or dinners, returning home after school before the parents get home, and so forth. Australian families generally do not employ household staff, although many hire a person to occasionally visit and clean, look after the garden or do laundry. Usually every family member is expected to help with jobs around the house, like cleaning, cooking, shopping and tidying.

Rental accommodation

Rental accommodation in Australia varies from one-bedroom apartments to large houses, which are normally rented by a number of tenants living together as “housemates”. Finding suitable rental accommodation within a reasonable price range can take time, so it is a good idea to arrive at least a week before you start studies to allow yourself time to find accommodation, settle in and attend orientation at your institution.

Studying in Brisbane - Queensland

Queensland is dominated by the coast. It's no surprise that most of the settlements and tourist attractions are concentrated in this narrow coastal strip, which has some amazing natural features such as the Great Barrier Reef and lush rainforests. Inland is the Great Dividing Range and the tablelands, fertile areas of flat agricultural land that run to the west. Then there's the barren outback, which fades into the Northern Territory. In the far northern Gulf Country and Cape York Peninsula there are huge empty regions cut by countless dry riverbeds, which can become overflowing rivers in the wet season.

Northern Queensland seasons are more a case of hot and wet or cool and dry than of summer and winter. November/December to April/May is the wetter, hotter half of the year, while the real Wet, particularly affecting northern coastal areas, is January to March. This is also the season for cyclones. Queensland doesn't really experience 'cold weather', except inland or upland at night from about May to September. Temperatures in Brisbane, in the south of the state, rarely drop below 20°C and, while it doesn't suffer the stifling humidity, you'll find further north, the climate is still most pleasant in winter (June to August).

Introducing Brisbane

It's Australia's third-largest city, but while other capitals compete loudly in their endeavour to reach top billing in the status stakes, Brisbane quietly executes its evolution in true, casual Queensland style. There's no need to advertise the virtues – locals already know it's one of the most desirable places in Australia to live. For visitors, the city is an outstanding summary of Australia; the big-city package exists here but the pretensions and speed are refreshingly absent.

Start with a metropolis that reclines over a tropical landscape. Dissect it with the winding Brisbane River and mix in a climate that attracts southerners by the chilly town-load every winter. Weave throughout a smorgasbord of cultural flavours, simmering in cafes, theatres, art-house cinemas, concert halls, galleries, museums and live music venues. Pepper the vista with subtropical gardens and views from lookouts or river boats. Add to this a calendar stocked with festivals and an abundance of eateries and you'll realise what all the low-key fuss is about.

Brisbane's city centre is bound by a U-shaped loop of the Brisbane River. The action is centred on pedestrianized Queen St Mall, which runs down to the former Treasury Building (now a casino) and Victoria Bridge to South Bank. Across Victoria Bridge is South Brisbane and the South Bank Parklands; further south is the hip West End. Ann St runs northeast of the city centre into trendy Fortitude Valley.

Brisbane's Weather and Climate

Temperatures in Brisbane, in the south of the state, rarely drop below 20°C and while it doesn't suffer the stifling humidity, you'll find further north, it's still most pleasant in winter (June to August).

Transport in Brisbane

Brisbane boasts a world-class public transport network. Information on bus, train and ferry routes and connections can be obtained from the Trans-Info Service on 13 12 30 or by visiting the website at: www.transinfo.qld.gov.au/

Boat – Brisbane's nippy blue City Cat catamarans run every 20 to 30 minutes, between 5:50am and 10:30pm, from the University of Queensland in the southwest to Brett's Wharf in the northeast, and back. Also useful are the Inner-City Ferries, which zigzag back and forth across the river between North Quay, near Victoria Bridge, and Mowbray Park.

Bus – The Loop, a free bus service that circles the city area, runs every 10 minutes on weekdays between 7:00am and 6:00pm. Other buses run every 10 to 20 minutes Monday to Friday, from 5:00am till about 6:00pm, and with the same frequency on Saturday morning (starting at 6:00am). Services are less frequent at other times and cease at 7:00pm Sunday and midnight on other days.

Train – The fast City train network has seven lines, which run as far as Gympie North in the north (for the Sunshine Coast) and Nerang and Robina in the south (for the Gold Coast). All trains go through Roma St, Central and Brunswick St stations.

Unique Student Identifier (USI)

A Unique Student Identifier (USI) is a reference number made up of numbers and letters that creates a lifetime record for an individual of all the nationally recognized training that has been completed. Under the Unique Student Identifiers Act 2014, all RTOs must ensure they have a valid USI for any student that enrolls in nationally recognised training from 2015. This means that as a student you must either:

- Provide us with your USI, or
- Provide us with permission to access or create your USI on your behalf.

If you are providing us with permission to access or create your USI we will need a valid form of identification. The ID that you provide for this purpose will be destroyed once we have used it for this purpose.

If you would like to create your own USI, please visit:
<http://www.usi.gov.au/Students/Pages/default.aspx>

We are unable to issue a qualification or a statement of attainment unless we have a valid USI.

Visas

Once you receive your electronic Confirmation of Enrolment, you will need to apply for your visa. Information about applying for a visa can be found at:

<https://www.homeaffairs.gov.au/>

This document explains the process for application, evidence that you must provide (including a valid passport), information on student visa conditions, and permission to work, Overseas Student Health Cover and charges associated with the visa application.

You may wish to use a registered migration agent to assist you with your application, or the American College has a range of education agents who can assist you with the process of applying for a course and including assistance with visas.

Contact us for details of the education agents that we use.

Ensure that you allow enough time between lodging your application and the start of your course, as applying for a visa can be a lengthy process. If your visa is not approved, you will receive a full refund for the fees that you have paid.

Visa Conditions

It is important that you abide by the conditions of your visa as failure to comply with these conditions may result in the cancellation of your visa.

You must comply with the following conditions:

- Satisfy attendance and/or course progress requirements and maintain a valid enrolment for your chosen course of study.
- Only work if you have been given permission to do so as part of your visa grant.
- Maintain approved Overseas Student Health Cover (OSHC) while in Australia
- Notify your training provider of your Australian address and any subsequent changes of address within 7 days.
- Complete the course within the duration specified in the CoE.
- Remain with the principal education provider for 6 months unless you are issued with a letter of release from the education provider to attend another institution.

Overseas Student Health Cover

Australia has a special system of health cover for international students called Overseas Student Health Cover (OSHC). You will need to buy OSHC before you come to Australia to cover you from when you arrive.

The Department of Immigration and Citizenship requires you to maintain OSHC for the duration of your time on a student visa in Australia.

You can choose to take out OSHC with a provider recommended by us, or with the Australian OSHC provider of your choice. There are five providers of OSHC in Australia. Visit these websites to find detailed information on what they cover and to decide which provider is right for you.

- Australian Health Management OSHC www.ahmoshc.com
- BUPA Australia www.overseasstudenthealth.com
- Medibank Private www.medibank.com.au/Client/StaticPages/OSHCHome.aspx
- OSHC Worldcare www.oshcworldcare.com.au
- NIB OSHC www.nib.com.au/home/newtonib/overseasstudents

Your OSHC will help you pay for any medical or hospital care you may need while you're studying in Australia, and it will contribute towards the cost of most prescription medicines, and an ambulance in an emergency.

For more information on what your OSHC insurance covers, as well as what to do if you need treatment, refer to the Department of Health and Ageing's (DHA) [Frequently Asked Questions](#).

OSHC does not cover dental, optical or physiotherapy. If you want to be covered for these treatments you will need to buy additional private health insurance, such as:

- Extra OSHC provided by some OSHC providers;
- International travel insurance; or
- General treatment cover with any Australian private health insurer. You can find a list of these providers and search for the one that suits you best at www.privatehealth.gov.au or www.iselect.com.au

Arranging Travel and Documents to Bring

Costs of travelling to Australia are not included in your course fees and you will need to arrange and pay for your travel to Australia. You should plan at least 2 weeks before your course orientation to give you time to settle in.

You will need to prepare a folder of official documents to bring with you to Australia including:

- Valid passport including a valid student visa
- Your Confirmation of Enrolment (CoE)
- Insurance policies
- Original or certified copies of documents such as your birth certificate, medical records and educational qualifications as advised by the Institute.

If you are travelling with your family, you will need to include their documents as well. Keep all documents in your carry-on luggage. In case you lose the originals, make copies that can be left behind with family and sent to you.

Migration Agents

You can also use a migration agent to assist you with the visa process. A migration agent is a person or an organisation which uses their knowledge of migration procedures to offer advice or assistance to a person wishing to obtain a visa to enter or remain in Australia, or to a person nominating or sponsoring a visa applicant. All migration agents who receive a fee or reward for their services must be registered with the Migration Agents Registration Authority (the MARA).

Migration agents must hold a current legal practising certificate issued in Australia. They are also required to follow a Code of Conduct (which is contained in the Migration Agents Regulations 1998). This code is legally binding on all registered migration agents.

Further information can be obtained by visiting the following website

COURSE INFORMATION

Assessment Information

It is expected that a student should demonstrate continuing progress, eventually achieving competency in all units undertaken. Students are expected to participate actively in class discussions and activities, attend practicum and fulfil all course requirements. If students are unable to achieve competency at the first assessment in a unit, Trainers will work with students to identify areas of need and support students' efforts to achieve competency. Opportunities are provided for students to re-sit assessments.

Assessment Methods

Three methods of assessment will be conducted for each competency. Some of the methods are but not limited to:

- *Observation*: where the student will be observed performing a series of tasks a number of times to determine their competency.
- *Verbal question and answers*: when the student will be questioned to determine the depth of their understanding of the process to ensure that they are competent.
- *Written assessment*: In this instance the student will be given the opportunity to demonstrate their competency through written reports etc.
- Other methods include case studies, projects, essays, report, role plays, simulated etc.

All assessment tasks must consider any language and literacy issues, or cultural issues related to the task.

Once competency is achieved for a unit candidate will be marked **C** for **Competent**; if not they will be marked **NYC** for **Not Yet Competent**. Students concerned about their results should refer to American College's Appeal Procedure and Resit Policy.

Competency Based-Training and Assessment

Competency Based Training is always concerned with what the student will be able to do at the end of training. There is not so much concern with what the inputs are or how the student got there. So long as the student achieves the listed competencies, it does not matter who taught him or her, how or when the training takes place, what resources are used or of what the content material of the curriculum consists.

All assessments conducted by American College will observe the following directives as required by the Competency Standards for Assessment from the National Training Package for Training and Assessment (TAE16)

Principles of Assessment

Assessments will be conducted in accordance with the following principles of assessment.

Competency Based Assessment	Assessment must take place within a competency-based assessment system within established procedures as defined in the Guidelines for Conducting Assessment from the National Training Package for Training and Assessment (TAE16).
Valid	Any assessment decision of American College is justified, based on the evidence of performance of the individual learner. Validity requires: <ul style="list-style-type: none"> • Assessment against the unit/s of competency and the associated assessment requirement covers the broad range of skills and knowledge that are essential to competent performance; • Assessment of knowledge and skills is integrated with their practical application; • Assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and • Judgement of competence is based on evidence of learner performance that is aligned to the unit/s of competency and associated assessments requirements.
Reliable	Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.
Flexible	Assessment is flexible to the individual learner by: <ul style="list-style-type: none"> • Reflecting the learner's needs; • Assessing competencies held by the Learner no matter how or where they have been acquired; and • Drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.
Fair	The individual learner's needs are considered in the assessment process. Where appropriate reasonable adjustments are applied by American College to take into account the individual learner's needs. American College informs the learner about the assessment process, and provides the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary

Assessment Criteria

Assessments should provide opportunity for applicants to be informed of the context and purpose of the assessment and the assessment process.

This will include but will not be limited to information regarding assessment methods and alternative assessment methods if required to accommodate special needs or circumstances.

Information sessions will be included with the introduction of each subject to advise students of the assessment processes, number of assessments, types of assessments and the individual weighting of each assessment.

Staffs are available to discuss and provide limited professional advice as to the outcomes of the assessment process and guidance on future options.

Re-assessment is available on appeal; see further details in the appeal process section.

Students should be aware of the assessment criteria used by the trainers at American College. Assessment requiring essay or report writing will be based on the following criteria:

- **Answering the Question**

Students must address what the question is asking. Look for key words that indicate how the question is to be approached and the information that is to be included. Sequence the answer to appropriately develop logical arguments.

- **Referencing**

Any quotation or content that has been obtained from published sources must be referenced. This must be done at the end of a quotation and extended in the bibliography.

- **Accuracy of Spelling, Grammar and Punctuation**

Accurate spelling, grammar and punctuation will ensure the trainer can correctly interpret what is written. Students should use the tools available (dictionary, thesaurus, spell-check on computers etc.) and must proof-read before handing in.

All assignments must be the individual's own work. Trainers are responsible for ensuring that any "suspect" assessments are thoroughly scrutinised. Any irregularities will be reported to the Director and dealt with accordingly. Students should keep a copy of their assessments.

Format

- Cover sheet
- Assignments to be word-processed*
- Double spacing to be used
- Use correct format, i.e. essay or report format, appropriate headings
- Bibliography

**NB: exception allowed where students are unable to access appropriate equipment. Handwritten assignments must be neat and legible.*

Due Date Information

The trainer will advise students of the final date for the receipt of an assessment when the assessment is handed out. Assessments will only be accepted after this date in case of illness (doctor's certificate must be provided) or other exceptional circumstances (at the discretion of the trainer).

Presentation of Assessments

- If you are mailing an assignment, it must be received by the due date. American College does not accept responsibility for any lost assignments. **Please ensure you keep a copy of your assignment prior to submission.**
- All assignments are registered as they are received.
- We endeavour to assess all assessments within 10 working days of receipt.

- Students are entitled to one resubmit assessments. If the re-submissions are still deemed NYC, students may be offered the opportunity to re-submit at a fee. No further re-submits are allowed. Students must re-enrol in the course again, paying the full course fee of the day.

Assessment results

Students have access to their own learning account which will indicate assessments undertaken and the units of competency that the individual has attained.

Results of assessment are provided to students as soon as is practical. These results are available through your student login account. Assessment results are confidential at all times and will not be given to any other party unless a written request signed by the student is received in advance.

Reasonable adjustments

Students with disabilities are encouraged to discuss with American College any 'reasonable adjustments' to learning and assessment processes which they consider would be necessary or assist them in the performance of their studies.

Careful consideration will be given to any requests for reasonable adjustment of this nature, and, where reasonably practicable, such adjustments will be made. There may however be circumstances where it will not be reasonable or reasonably practicable for the American College to accommodate or where other adjustment may be more appropriate. Reasonable adjustments cannot compromise the integrity of competency-based training and assessment.

Extensions for Assessment

It is expected that all assessment tasks are handed in on the due date. Should you require additional time to complete an assessment you must communicate with your assessor and apply for an extension.

Assessment Re-sit Procedure

Stage 1: Student undertakes in-class assessment

- Students will be notified within 14 days of undertaking an assessment of their performance.
- If a student does not attend the in-class assessment, they should notify their trainer as to why they did not attend and if due to illness a medical certificate must be produced. If the assessment is a practical or no evidence is provided, no administrative fee will be charged for re-sitting the assessment.

Stage 2: Student deemed Not Competent in FIRST assessment

- Students who are deemed to be Not Competent are to be provided with information identifying the areas in which they failed to achieve competency.
- Students will then have the opportunity to repeat the assessment task within 7 days of notification.

Stage 3: Student deemed Not Competent in FIRST re-sit

- If the student is again deemed Not Competent, they will be provided with information identifying the areas in which they failed to achieve competency.
- The student must then participate in a new assessment task within 7 days of notification; no fee will be required to be paid for the assessment.

Stage 4: Student deemed Not Competent in SECOND re-sit

- If the student is still unable to demonstrate competency, then the student will be required to repeat the unit of competency.
- American College will determine the time at which the unit will be available.
- The student will be liable to pay a fee if the unit is retaken.

Certificates

Students must be assessed competent in all units of competency before being issued a qualification (Certificate / Diploma / Advanced Diploma for the course in which they are enrolled. Students will only be issued a qualification upon completion of their course. American College will issue each student a list of the units of competency at the end of each course.

On successful completion of your course, you will receive:

- *Full Qualification* - a Certificate and a Statement of Results
- *Partial Qualification* - a Statement of Attainment for units completed

Certificates will only be posted to students at their nominated postal address as shown in their student files. The onus is on the student to ensure their address details are correct.

Certificates will not be sent to other parties, without the expressed prior written permission from the student. Duplicate or replacement copies of certificates incur a fee.

Course Delivery

American College ensures the following resources are in place:

- Trainer/assessors and Assessors with appropriate qualifications, and experience;
- Course materials appropriate to the methods of delivery and assessment requirements;
- All necessary copyright authorisations;
- Appropriate equipment and facilities.

Training and assessment methods used by American College meet specific quality requirements and are chosen to best suit the unit of competency, while giving consideration to the learning style of the student. The provision of training often includes a blended approach with a combination of on and off-the-job methods.

A number of delivery methods will be used throughout the training to help you achieve the necessary skills. Learning is a partnership that involves participation from all involved.

Delivery methods may include, but are not limited to:

- practical demonstrations
- audio/visual presentations
- group participation/ discussions
- trainer/facilitator instruction
- practical activities
- self-paced activities
- individual projects
- workplace based training
- case studies

Flexible Delivery

Flexible delivery focuses on learning rather than teaching and to provide the best possible learning experience for the student. This means that the student has greater control over what, when and how they learn.

American College offers various forms of delivery to accommodate the varying needs of students. Modes of delivery available for most courses include classroom (face-to-face) environment, workplace –based, Recognition of Prior Learning (RPL) or a combination of these.

Language, Literacy and Numeracy

Each Training Package sets a minimum requirement in language, literacy and numeracy skills of participants, with which the American College must abide.

American College makes appropriate concessions for language, literacy and numeracy issues of students where these concessions do not compromise the requirements of the relevant Training Package and the integrity, equity and fairness of assessment.

Where there are entry requirements for courses e.g. literacy in English and numeracy, these are clearly stated in pre-enrolment and enrolment information.

Advice is given to all students on appropriate actions if there is a need to update literacy and numeracy skills. American College can assist in providing this additional development prior to completing your enrolment into vocational skills.

Please Note: All the students are required to successfully complete LLN test (LLN Robot) at the time of enrolment.

Recognition

Recognition is the collective term and includes:

- Recognition of prior learning (RPL);
- Credit transfer (CT); and

All students have the opportunity to apply for recognition. This means that you can submit evidence for a Unit(s) of Competency, and have it assessed by a qualified Assessor without completing the training.

American College believes that no learner should be required to undertake a unit of competency for which they are already able to demonstrate satisfactory achievement of the performance outcomes, as stated in the endorsed training package or nationally recognised course.

American College always aims to maximise the recognition of a learner's prior skills and knowledge whilst maintaining the integrity and standards of the defined learning outcomes of the specific qualification or course of study. Students who consider they already possess the competencies identified in all or part of any course/qualification offered by American College may seek recognition.

Recognition of Prior Learning (RPL)

Recognition is a method of assessing if you have evidence of competency for a particular unit of competency that you are enrolled in. It is important to remember that Recognition is an **assessment process** not an assumption of competence.

Recognition is the determination, on an individual basis, of the competencies obtained by a student through:

- previous formal training
- work experience, and/or

Recognition therefore determines the subsequent advanced standing to which the student is entitled in relation to a course/qualification. The main focus of Recognition is what has been learned rather than how, where or when it was learned. Recognition focuses on both the demonstration of competence and the currency of that competence to industry standards.

It is important to note, the onus is on the student to document and present evidence to justify a claim for recognition and present their case to the satisfaction of the Assessor.

Any documents that you provide to support your claim of competency must be the originals rather than copies. Your original documents will be photocopied and handed back to you. It is also expected that any evidence submitted is your own and if any part of the work is the work of others, that this is formally acknowledged and advised.

Recognition Decision

Regardless of the type of evidence that you submit, Assessors must be confident that the evidence meets the following criteria:

- Full requirements of the Unit of Competency(s);
- Any Regulatory requirements;
- Authenticity - That it is your own evidence and can be authenticated;
- That you can perform the competency consistently and reliably;
- Is at the standard expected in industry and set out in the Australian Qualification Framework (AQF);
- Sufficiency - There is sufficient evidence to make a judgment.

American College is committed to ensuring that all judgments made by Assessors against the same competency standards are consistent. Your Assessor will examine the evidence that you present and then make a judgment on that evidence which will be either:

- Competent (C) - you have been deemed competent against all the requirements of the Unit/s of Competency
- Not Yet Competent (NYC) - you have not yet demonstrated competency to all requirements.

Your assessor will advise you what you can do if you receive a NYC for your assessment task. If you are deemed NYC in your initial assessment, you are allowed a second attempt. However, if you are deemed NYC in the second attempt, you will be required to re-enrol. Please talk to your assessor if you have any concerns.

For further information on Recognition, please see American College Recognition policy.

Credit transfer

American College recognises the AQF qualifications and Statements of Attainment issued by other Registered Training Organisations (RTOs). This is commonly referred to as Credit Transfer. Credit transfer is applicable when a Statement of Attainment or qualification provided by a student has the same national competency codes as those that form part of the training and assessment program within which the student is enrolled or is intending to enrol. Students are required to formally apply for Credit Transfer. With Credit Transfer students are not required to undertake learning in the unit/s again, the student is exempt.

Special Needs

Students intending to enrol for training with the American College are requested to advise us if they have any physical or other impairment (e.g. English language, literacy or numeracy difficulties, dyslexia, etc) which may adversely affect their ability to successfully undertake training and assessment, prior to enrolment.

Students with disabilities or impairments are encouraged to discuss with the Director any 'special needs' and/or 'reasonable adjustments' to the study environment which they consider are necessary or would assist them in the performance of their studies.

The Director, in collaboration with the student, will assess the potential for the student to successfully complete the training which may include flexible delivery options to optimise the ease and benefit of the student's learning.

Trainer and Assessors

All Trainers and Assessors are qualified in training and assessment and the vocational area which they are delivering. They have practical experience and maintain their currency in industry.

Academic Course Progress

American College has adopted the Course Monitoring Policy. Student course progress is regularly monitored and assessed at the end of each study period. Students are required to successfully complete various tests, assessments, examinations, projects and practical demonstrations.

The assessment tasks and dates are shared by Trainers at the commencement of their course. If academic performance is unsatisfactory, students will be counselled through a series of support and intervention strategies as set out in the course progress procedures. American College will support students wherever possible to help to achieve their best academic standard.

Course Withdrawal and Deferrals

If a student desires to withdraw from a full-time or part-time course prior to completion of the normal expected training period offered by us, notice must be given in writing to the College Director. As a general rule, no refund will be payable after course has commenced, however, exceptions will be considered on a case-by-case basis. (*See refund policy*)

The student will be issued with a nationally recognised Statement of Attainment for any units in which the student has been assessed as competent as recognition of partial completion of the course.

A deferral may be awarded on an individual basis. Please contact the American College Director to discuss your circumstances. Deferral requests must be submitted in writing.

The Leave/Deferral/Withdrawal form can be accessed either on American College Website or you can request the American College administration office to provide a hard copy of the form.

The completed form can either be emailed to admin@americancollege.edu.au or dropped in person to the American College administration office.

Academic Misconduct and Plagiarism

The Training Manager will **deal** with any dishonest assessments/examinations.

Dishonest assessments/examinations include:

- Deliberate copying or attempting to copy the work of other students
- Using or attempting to use information prohibited from use in that sort of assessment.
- Submitting the work of another student as their own.
- Plagiarism (i.e. taking and using as their own, the thoughts and writings of another with the intent to claim the work as their own)
- Consulting with peers throughout formal assessments. Two verbal warnings will be given before cancelling the assessment and the student will be marked NYC (Not Yet Competent).

Students involved in any of the above will be set a new examination/assessment and will be counselled by the Director. Further occurrence of academic misconduct will be recorded on the student's file and suspension/ dismissal will be at the discretion of the Director.

Plagiarism and Cheating

Collusion, plagiarism or cheating in assignments, class assessments or examinations will not be tolerated. Trainer will advise all students of the many different ways to avoid plagiarism. Students who are proven to be involved in such activities will not be permitted to continue their course

Statement of Authorship

All homework assignments, projects, reports, papers and assignments submitted to a course are expected to be the student's own work. Students should always take great care to distinguish their own ideas and knowledge from information derived from sources. The term "sources" includes not only published primary and secondary material, but also information and opinions gained directly from other people.

All information taken from other sources must be clearly referenced and authorship acknowledged. Any student who, for whatever reason, submits work that is not their own or fails to acknowledge sources,

will be required to re-enrol in the relevant subject/s. Every assessment must be accompanied by a student's statement of authorship, which is included on American College's Assessment Validation Checklist at the completion of assessment for each unit.

POLICIES

All students have equitable access to training resources and facilities, support services and information, trainer and assessors, learning and assessment materials and opportunities.

All students who meet the entry requirements (if applicable) as prescribed by the appropriate National Training Package will be accepted into any program within American College's scope of registration.

Any issues or questions raised regarding access and equity can be directed to the Director.

Some examples of support offered include:

- Language and Literacy support of students who have difficulty with written or spoken English.
- Numeracy support.
- Modification of learning and assessment tasks to accommodate the unique cultural or personal needs of students.

Course Progress Policy & Procedure

Purpose

The purpose of this policy is to ensure that American College systematically monitors students' course progress which includes recording, monitoring, assessing, counselling and reporting the course progress of each student.

Definitions

Compassionate or Compelling circumstances: is defined as circumstances beyond the control of the student and which have an impact upon the student's course progress or wellbeing. These could include, but are not limited to:

- a) Serious illness or injury, where a medical certificate states that the student was unable to attend classes,
- b) Bereavement of close family members such as parents or grandparents (Where possible a death certificate should be provided),
- c) Major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the student's studies,
- d) A traumatic experience which could include:
 - Involvement in, or witnessing of a serious accident; or
 - Witnessing or being the victim of a serious crime, and these experiences have impacted on the student (cases should be supported by police or psychologist's reports)

e) Inability to begin studying on the course commencement date due to delay in receiving a student visa.

f) Where the registered provider was unable to offer a pre-requisite unit, or the overseas student has failed a prerequisite unit and therefore faces a shortage of relevant units for which they are eligible to enrol.

Policy

American College will monitor, record and assess the course progress of each student for the course in which the student is currently enrolled.

American College will assess each student's progress at the end of each study period. Each study period will equal one term which equates to *approximately 3 months of study. This may vary according to course requirements, duration and number of assessments to be completed the program*

Note: 10-12 weeks is usually considered the minimum length of time in which it is reasonable for the provider to make an assessment of a student's course progress. For the purposes of this policy, the maximum length for a study period is three months. Where a provider does not divide courses into study periods, course progress must be monitored at least every three months.

Unsatisfactory progress is defined as not successfully completing or demonstrating competency in at least 50% of the course requirements in that study period.

American College defines in the timetable the course requirements for each study period and can identify when a student has not passed 50% or more of the course requirements. The course requirements for each study period must also be made clear to the student at the start of the course, or if variable, each study period.

American College has and will implement an intervention strategy for any student who is not making satisfactory course progress. The intervention strategy is for students at risk who, at minimum, have failed or are not competent in 50 per cent or more of the units in a study period.

It must be made available to staff and students and must specify:

- i. procedures for contacting and counselling students;
- ii. strategies to assist identified students to achieve satisfactory course progress; and
- iii. the process by which the intervention strategy is activated.

The intervention strategy must include provisions for:

- i. where appropriate, advising students on the suitability of the course in which they are enrolled;
- ii. assisting students by advising of opportunities for the students to be reassessed for tasks in units or subjects they had previously failed, and
- iii. advising students that unsatisfactory course progress in two consecutive study periods for a course could lead to the student being reported to DHA and cancellation of his or her visa, depending on the outcome of any appeals process.

At the end of each study period, students must be assessed against the course progress policy. If a student is identified for the first time as not making satisfactory course progress, the intervention strategy as outlined above and in the “Intervention Strategy Document” is implemented. The intervention strategy must be activated within the first four weeks of the following study period.

However, if a provider identifies that a student is at risk of making unsatisfactory course progress before the end of the study period, the provider is encouraged to implement its intervention strategy as early as practicable.

If a student is identified as not making satisfactory course progress in a second **consecutive study period** in a course, the provider **must notify** the student of its intention to report the student to DHA for unsatisfactory progress. The provider does this through the written notice described below.

The written notice (of intention to report the student for unsatisfactory progress) must inform the student that he or she is able to access the registered provider’s complaints and appeals process under Standard 10 and that the student has 20 working days in which to do so. A student may appeal on the following grounds:

- i. provider’s failure to record or calculate a student’s marks accurately,
- ii. compassionate or compelling circumstances, or
- iii. provider has not implemented its intervention strategy and other policies according to its documented policies and procedures that have been made available to the student.

Where the student’s appeal is successful, the outcomes may vary according to the findings of the appeals process.

- i. If the appeal shows that there was an error in calculation, and the student actually made satisfactory course progress (successfully completed more than 50% of the course requirements for that study period), the provider does not report the student, and there is no requirement for intervention.
- ii. If the appeals process shows that the student has not made satisfactory progress, but there are compassionate or compelling reasons for the lack of progress, ongoing support must be provided to the student through the provider’s intervention strategy, and the provider does not report the student. (See notes at the end of this document)

Where:

- i. the student has chosen not to access the complaints and appeals processes within the 20 working day period; or
- ii. the student withdraws from the process; or
- iii. the process is completed and results in a decision supporting the registered provider (ie. the student’s appeal was unsuccessful);

American College must notify the Secretary of DET through PRISMS as soon as practicable of the student not achieving satisfactory course progress.

Procedures

Procedure for assessing satisfactory course progress and determining the point at which the student has failed to meet satisfactory course progress

To ensure fairness, equity and maintain an open process, American College will use the following process for determining the point at which the student has failed to meet satisfactory course progress

1. The Trainer and Assessors will assess and monitor the course progress of students by:
 - reviewing attendance records
 - reviewing class participation
 - evaluating assessments
 - checking overall competency
2. All Trainers are required to record and access the progress of each student at the end of each semester to identify students at risk of progressing.
3. If the Trainer identifies a learner at risk of not meeting their course progress requirements they will implement the appropriate Early Intervention Strategy.

Procedure for implementing intervention strategy for students at risk of failing to achieve satisfactory course progress

If a student is identified as being at risk of not completing the course in time or failing to meet the required 50% completion rate in a study period, the following process should be followed.

1. The Trainer will contact the student by way of letter or email requesting a meeting with the Director, do develop strategies to ensure the student maintains satisfactory course progress.

(Staff to use the following document to contact student and place similar wording into an email - *Letter to Student - Early Intervention.doc*)
2. All staff to follow "Early Intervention Strategy"

Procedure for notifying students of unsatisfactory progress in two consecutive study periods

If a student is identified as failing to meet the required 50% completion rate in two consecutive study periods, the following process should be followed.

1. The Trainer drafts a letter using the template (Letter to Student - Intent to Report.doc)
2. The Director will review the letter before authorising it to be sent using registered post to the student.
3. The Trainer or Customer Service Manager will post the letter to the current address on file.

Copy of all correspondence must be put on student file for future reference

4. The Trainer or Customer Service Manager will contact the Student within 4 working days of sending the letter, either by phone and / or email, to ensure they have received the letter.

5. The Trainer or Customer Service Manager will note and set a reminder in a calendar when 20 working days has lapsed and check if an Appeal has been lodged.
6. If no appeal has been lodged, they will proceed to report the breach on PRISMS.
7. If an appeal has been lodged, the appeals process will begin.

Procedure Reporting Students for Unsatisfactory Progress by Notifying DHA of Visa Breach

The following process should be followed when reporting a student for breach of their visa requirements relating to unsatisfactory course progress.

Refer to the “PRISMS – Provide User Guide” to assist in the following process

1. If appeal lodged, wait until appeal is heard and finalised before progressing. Once finalised and the intent to report is to proceed continue.
2. If no appeal lodged or it is finalised, Trainer advises the Director of intent to advise breach on PRISMS.
3. The Director checks all the facts and documentation related to the case and if everything is in order, authorises Campus Manager to report the student under course progress via PRISMS.

Extension to an expected course duration

- Extensions to the course duration specified on the COE are only allowed where:
 - A student is complying with an intervention strategy implemented for students identified at risk of not making satisfactory course progress, or
 - An approved deferral or suspension of studies has been granted in accordance with American College’s *Deferral, Suspension and Cancellation Policy and Procedures*. Compassionate or compelling circumstances apply, (suitable evidence must be provided), which may include but is not limited to:
 - serious illness or injury, where a medical certificate states that the student was unable to attend classes;
 - bereavement of close family members such as parents or grandparents;
 - major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the student’s studies; ^[LTTT]_[SEPP/SEP]
 - a traumatic experience which has impacted on the student and which could include involvement in or witnessing of a serious accident; and witnessing or being the victim of a serious crime. These cases should be supported by police or psychologists’ reports); or
 - where American College is unable to offer a pre-requisite unit.
 - where the student is unable to begin studying on the course commencement date due to delay in receiving a student visa.

- When the student can only account for the variation/s by extending his or her expected duration of study, this will be reported to the Department of Education and Training (DET) via PRISMS.
- All variations in the student's study load, including the reasons for the variation will be recorded on the student's file.
- Where the duration of the student's enrolment is extended, American College will advise the student to contact the Department of Home Affairs (DHA) to seek advice on any potential impacts on their visa, including the need to obtain a new visa.

Note:

- *Reporting a student for unsatisfactory course progress occurs only when the student has been identified as not making satisfactory course progress in two consecutive study periods, and the student has not made a successful appeal against this assessment.*
- *If a student is identified for a second, but not consecutive, study period as not making satisfactory course progress, the provider does not report the student for unsatisfactory course progress.*
- *When a student is reported for unsatisfactory course progress, DHA will, in all but exceptional circumstances, cancel the student's visa. DHA will rely on the provider's report of unsatisfactory course progress, as the report cannot be made until the provider has completed the complaints and appeals process. If a student is dissatisfied with the provision of a complaints and appeals process, the student may lodge a complaint with DET.*
- *Section 19(2) of the ESOS Act 2000 requires providers to report the student for unsatisfactory course progress 'as soon as practicable' after the breach occurs. Good practice would be to report the student through PRISMS within 31 days of finalising the decision to report.*

Note: Online learning is study where the teacher and overseas student primarily communicate through digital media, technology-based tools and IT networks and does not require the overseas student to attend scheduled classes or maintain contact hours. For the purposes of the ESOS framework, online learning does not include the provision of online lectures, tuition or other resources that supplement scheduled classes or contact hours. Complaints and Appeals Policy & Procedure

This policy will be given to students before a contract is entered into or before an amount of money has been paid, whichever happens first.

Written records of all complaints including the outcomes and appeals will be kept in detail on student files and provided to the student.

All Complaints and Appeals will be handled fairly, professionally, equitably, confidentially, and in a timely manner, with a view to achieving a satisfactory resolution as soon as practicable.

American College will, in the first instance, always endeavour to resolve complaints/disputes informally. Students are encouraged to firstly talk to a member of staff as soon as a problem arises.

American College is committed to dealing with complaints/disputes in a fair and timely manner.

- Where possible the complaint will be dealt by the Campus Manager and/or the Director.
- Students and/or College staff may be accompanied and assisted by a support person at any relevant meeting.
- Each Complainant or Appellant is given the opportunity to formally represent his or her case as minimal or no cost to him or herself.
- The formal complaints process will commence within 10 working days of the College's receipt of a written complaint or appeal and supporting information.
- American College will take all reasonable steps to finalise the process within 21 days from commencement or as soon as practicable. A written response, advising of the outcome will be provided.
- The complainant will be provided with a written statement of the outcome of each stage of the complaint/appeal, including details of the reasons of the outcome.
- If a student chooses to access American College's complaints and appeals processes, American College must maintain the student's enrolment while the complaints and appeals process is ongoing.
- If the internal or external complaint handling or appeal process results in a decision that supports the student, American College must immediately implement any decision and/or corrective and preventative action and advise the student of the outcome.
- If the student is not satisfied with the result or conduct of the College's internal complaints handling and appeals process, American College will assist the student to access independent mediation at minimal or no cost to resolve the dispute. This advice will be given to the student within 10 working days of the completion of the internal complaints handling and appeals process.
- Nothing in the College's Complaints/Disputes Resolution policy negates the rights of any overseas student to pursue other legal remedies.
- If a student is not satisfied with the result or conduct of our internal complaints and appeals process, the college must advise the student of his or her right to access the external appeals process at minimal or no cost.
- Students can contact the Overseas Student Ombudsman directly.
- American College may or may not be required to continue to offer learning opportunities throughout the complaints or appeals process. The college may decide to exclude a student from
- Attending classes but continue to provide work to complete outside of the classroom environment. The College acknowledges that to deny students learning opportunities throughout the appeals process may disadvantage the student should the appeals process find in their favor.
- Any substantiated complaint will be acted upon. All complaints and appeals will be recorded in detail including the outcome of each stage.
- A complaint can be forwarded directly to the staff member.
- American College will not report a student for unsatisfactory progress until the student has had the opportunity to access our internal and external complaints and appeals process.
- American College will await the outcome of this process (and if, in favour of the provider) before reporting the student through PRISMS.
- For appeals on American College decision to defer, suspend or cancel a student's enrolment, the College only needs to wait until the internal complaints/appeals process is completed (if in favor of the College) to notify DET/DHA via PRISMS.

ACADEMIC COMPLAINTS / APPEALS

- Complaints/appeals against **academic decisions will be accepted up to fourteen (14) days from the date an assessment result was received.**
- Assessment will be reviewed having due regard to submissions made by the participant.
- An independent facilitator/trainer will be assigned to assess the complaint.

Suspension/Cancellation of Enrolment

- Where the appeal relates to the College's decision to defer/suspend or cancel a student's enrolment for misbehaviour/breach of College rules, the College will only await the outcome of the **internal appeals** process if it supports the College before notifying DET and DHA through PRISMS of the change to the student's enrolment.
- If the outcome of the internal or external appeals process results in a decision favouring the student, the College will immediately implement any corrective action, decision or measures required and advise the student of the outcome.

EXTERNAL COMPLAINTS AND APPEALS

The College will only await the outcome of external appeals process before reporting/taking action against the student for course progress or attendance.

Where the appeal relates to the College's decision to defer/suspend or cancel a student's enrolment for misbehaviour /breach of College rules, the College will only expect the outcome of the **internal appeals** process if it supports the College before notifying DET and DHA through PRISMS of the change to the student's enrolment.

Attendance Monitoring Policy and Procedure

International Institute of Management Pty Ltd t/a American College policy is students should attend all classes (100%) of their course to gain optimum learning. However, if students have valid reasons for absence a minimum of 80% of their course contact hours must be maintained to avoid being reported to the Department of Home Affairs (DHA).

The College believes good attendance is important in order to achieve the desired educational outcomes. American College will monitor your attendance regularly.

Maintaining satisfactory attendance is a student visa requirement.

Students must contact the College every time they will be absent *prior to the regular class time*, via email, phone or SMS to a member of staff.

Students who do not advise the College of absences will be contacted/counselled by a Student Support Officer or another staff member.

Regular class attendance is essential in order for students to progress satisfactorily in their course and to be deemed as a genuine / bona fide student.

American College will *at the minimum* contact and counsel students who are at risk of not attending for at least 80 per cent of the scheduled course contact hours.

All phone conversations, copies of letters, emails and notices relating to attendance will be kept on the student file.

Student attendance is monitored twice daily by trainers. Students must sign a roll at the beginning and end of each day. Student absences are tracked and monitored each week.

All absences due to illness should be accompanied by a medical certificate.

Any absences **longer than 5 consecutive days** without approval will be investigated as a matter of urgency.

- Trainer will attempt to contact the student
- If student is not able to be contacted their agent will be contacted.
- Trainer will counsel student on the importance of notifying the College when absent.

Once a student's attendance drops below the defined levels and there is no possibility of the student reaching that level by the end of the study period the formal process will begin.

Students excluded from class for misbehaviour

American College will record any 'period of exclusion' from class as absence (where the enrolment is not officially suspended on PRISMS) and include this absence in attendance monitoring calculations (potentially putting a student with marginal attendance in danger of being reported for unsatisfactory attendance).

Also refer Standard 9 Deferring, suspending or cancelling the overseas student's enrolment Policy and Procedure.

WARNING 1

90% Attendance

Students whose attendance falls to **90%** or less will be contacted by letter/email and/or SMS to alert them that their attendance is at risk. Students will be advised to discuss the matter with the Student Support Officer.

WARNING 2**85% Attendance**

Students whose attendance fall to **85%** will be contacted by letter/email and/ or SMS warning them that they are now at risk of being reported to DHA and they must make an appointment with the Student Support Officer ASAP for assistance/advice. Students may take along a support person.

Intention to Report (Less than 80% Attendance)

As soon as the College is aware a student will not achieve 80% attendance, the College will send students an 'Intention to Report letter' which shall inform the student that they have 20 working days in which to access the College's complaints and appeals process. The student will be given another copy of the Complaints and Appeals Policy with the Intention to Report Letter.

NOTE: American College will await the outcome of our internal and external appeals process before reporting a student for unsatisfactory attendance (if found in favour of the College).

If a student chooses NOT to access the complaints and appeals processes within the 20-working day period, withdraws from the process or the process is completed, and the decision is in support of American College, the College will notify the Secretary of DET via PRISMS that the student is not achieving satisfactory attendance **as soon as practicable (within 5 working days)**.

The College *may* decide not to report a student for 80% attendance where the College feels the student is a genuine student and can confirm the student is attending AT LEAST 70% of the scheduled course contact hours *and* maintaining satisfactory academic performance, where the College is satisfied they are a genuine/bona fide student and where they provide:

- documentary evidence demonstrating compassionate or compelling circumstances for their absences e.g., medical illness supported by a medical certificate, **AND**
- attendance has not fallen below 70%, **AND**
- academic progress is satisfactory.

Where a student with low attendance is able to demonstrate (and provide evidence of) compassionate or compelling circumstances, the Director will assess whether a temporary suspension of studies is in the best interest of the student. Refer *Deferment, Suspension and Cancellation Policy*.

'Medical certificate' means a certificate issued by a registered medical provider such as hospitals, doctors, dentists, physiotherapists, chiropractors, optometrists, ophthalmologists, psychiatrists and psychologists. American College does not accept certificates from alternative medical practitioners such as herbal practitioners, acupuncturists, Chinese therapists, massage therapists, iridologists, psychics etc.

'Satisfactory course attendance' means attendance of at least 80% of scheduled course contact hours for the study period.

'Attendance will be monitored every 26 weeks'

'Compassionate or compelling circumstances' are generally those beyond the control of the student and which have an impact upon the student's course progress or wellbeing. These could include, but are not limited to:

- serious illness or injury, where a medical certificate states that the student was unable to attend classes
- bereavement of close family members such as parents or grandparents
- major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the student's studies;
- or
- a traumatic experience which could include:
 - involvement in, or witnessing of a serious accident; and*
 - witnessing or being the victim of a serious crime, and*
 - this has impacted on the student (these cases should be supported by police or psychologists' reports) **or** where the College was unable to offer a pre-requisite unit.*
 - Any other circumstance would require evidence to be considered as compassionate or compelling.*

If a student ceases attending a course or does not return from leave, and/or is unable to be contacted, under Section 19(1) of the ESOS Act, American will notify DHA via PRISMS of termination of the student's studies within 14 days of the event via a Student Course Variation. The College in this instance does not have to give students access to the appeals process. Students would not be entitled to a refund unless at the discretion of the Director.

- Student Support Officer or delegated staff member is to SMS/ring or email all students who do not notify the College of their absence before close of business on the day of absence.
- Student Support Officer/Campus Manager will analyse student absences a minimum of weekly and take action as per below for students 'at risk'.

** All absences due to illness should be accompanied by a medical certificate. Student Support Officer is to follow up on medical certificates. However, these are still counted as absent on the roll.*

Any absences **longer than 5 consecutive days** without approval will be investigated as a matter of urgency.

- Student Support officer will attempt to contact the student
- If student is not able to be contacted their agent will be contacted.
- If still unable to contact student or agent the next of kin will be contacted.
- Student Support Officer will counsel student on the importance of notifying the College when absent.
- If contact cannot be made the Student Support Officer will discuss with Director and the relevant authorities will be notified (eg police, DHA)

WARNING/ PREVENTATIVE ACTION PROVIDED TO STUDENTS:

Once a student's attendance drops below the defined levels below and there is no possibility of the student reaching that level by the end of the study period the formal process must begin.

REFER - COMPLAINTS AND APPEALS POLICY

- If a student chooses NOT to access the complaints and appeals processes within the 20 working day period, withdraws from the process or the process is completed and the decision is in support of the College, the College will notify DHA via PRISMS that the student is not achieving satisfactory course progress **as soon as practicable (BUT within 5 working days)**.
- Student is reported via PRISMS should the complaint/appeal not be substantiated (found in favour of the College).
- American College *may* decide not to report a student for 80% attendance where the College feels the student is a genuine / bona fide student and can confirm the student is attending AT LEAST 70% of the scheduled course contact hours *and* maintaining satisfactory academic performance. However, the College will issue a warning letter with counselling and support as outlined at 85%. In this instance once the student's attendance has fallen below 70 per cent, the College **must issue a notice of intention to report** the student for unsatisfactory attendance, informing the student of his/her right to appeal.
- Where a student with low attendance is able to demonstrate (and provide evidence of) compassionate or compelling circumstances, the Director will assess whether a 'suspension of studies' is in the best interest of the student. *Refer Deferring, Suspending or Cancelling the Overseas Student's Enrolment Policy and Procedure*
- All evidence including action taken eg counselling student, **MUST** be retained on the student file.

Completion of Studies in the Expected Duration of the Confirmation of Enrolment

International Institute of Management Pty Ltd t/a American College staff will constantly monitor student assessments and workloads and record any changes /variations on the student file.

International Institute of Management Pty Ltd t/a American College will monitor every student's enrolment load a minimum of once per study period (per term / 3 months) to ensure students can complete the course in the duration as per the Confirmation of Enrolment (COE).

A generic course progress policy may not be appropriate for more than one course. Courses that require additional or varied progress rules will be provided a separate course progress policy, Refer to *Course Progress Policy and Procedure*.

Trainers will discuss any concerns with students and offer assistance as situations arise to help prevent students falling behind in their course progress. Trainers will constantly monitor the progress of students and report any concerns to the Director as soon as identified.

Any student that fails a unit of competency in their course may be considered 'at risk' to not complete the course in the expected duration and intervention strategies can be commenced at any point, at the discretion of the Director.

As part of an intervention strategy, students may take a normal, reduced or increased study load in a study period, if the workload is monitored to ensure the student completes the course within the duration specified on the CoE, and, that it does not have a detrimental effect on the principal course of study.

The expected course duration for overseas students should not differ from the expected duration for domestic students.

American College will only extend the duration of a COE -

- Under **compassionate or compelling circumstances**, when it is clear the student will not be able to complete by the end date of the COE.
- where intervention strategies have been implemented for students at risk of not completing satisfactory course progress
- where there is an approved deferment or suspension of study

Student progress is assessed and recorded at the minimum on completion of each unit of competency / or once each study period.

Any intervention required is acted upon and discussed with students as needed.

Students are encouraged to increase their workloads to 'catch up' on any missed units. The College is open 5 days per week to further assist students.

Compassionate or compelling circumstances may be deemed as serious illness; bereavement of a closely related family member (evidence will be required); natural disasters; traumatic experience or political upheaval in home county.

Should students refuse to maintain an agreed/approved workload; the student will be firstly counselled and then warned of impending visa implications.

If there are compelling or compassionate reasons, American College may grant the student a less than 'full time' workload. This would be monitored as part of the student's intervention strategy.

American College will issue a new COE should the student need to extend the duration of their course.

A student who deliberately under-enrols (therefore deemed as a non-genuine student) may represent a risk for American College's compliance of Standard 8. This could result in a cancellation of the student's enrolment as per '*Student Code of Conduct*'.

In this instance American College would implement one of two options -

- Cancel the student's enrolment when the student refuses to enrol in an appropriate load; or
- Document the student's behaviour and, if the student requests an extension of duration of study, refuse to extend the CoE.

Intervention strategies are tailored to meet each student's individual needs. Formal intervention strategies and counselling of the student will be implemented.

Intervention Strategies could include:

- attending academic skills programs
- attending tutorial or study groups
- receiving individual assistance / mentoring
- attending study groups
- attending counselling
- receiving assistance with personal issues which are influencing progress
- being placed in a suitable alternative subject within a course or a suitable alternative course; or
- a combination of the above and a reduction/increase in course load.

Definitions:

'Compassionate or compelling circumstances' are generally those beyond the control of the student and which have an impact upon the student's course progress or wellbeing. These could include, but are not limited to:

- *serious illness or injury, where a medical certificate states that the student was unable to attend classes*
- *bereavement of close family members such as parents or grandparents*
- *major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the student's studies;*
or
- *a traumatic experience which could include:*
Involvement in, or witnessing of a serious accident; and
Witnessing or being the victim of a serious crime.

And this has impacted on the student (these cases should be supported by police or psychologists' reports) or where American College was unable to offer a pre-requisite unit. Any other circumstance would require evidence to be considered as compassionate or compelling.

NOTE: A student is expected to complete their course within the duration of their COE **unless** compassionate and compelling circumstances are approved where the student was unable to attend classes e.g. due to illness or American College was unable to offer a pre-requisite unit; the student is under an intervention strategy identified as at risk of not meeting course progress or the student has an

approved deferment or suspension of studies granted refer *Deferring, Suspending or Cancelling a Student's Enrolment Policy and Procedure*, Standard 9.

PROCEDURE

The progress of each student is monitored, recorded and assessed for each unit of competency in which they are enrolled.

Student progress must be monitored to ensure they are on track to complete within the duration of their COE. This is recorded by the trainers and relevant notes etc kept on student files.

The Campus Manager will monitor PRISMS a minimum of monthly to ensure CoEs are issued no longer than the approved duration as registered on CRICOS via the *Course Duration Comparison Report*.

Any change to the course's approved delivery mode, must first be sought by the regulator before implementation.

American College teaching staff will monitor every student's enrolment load a minimum of once per study period and on completion of each unit of competency to ensure students can complete the course in the duration as per the Confirmation of Enrolment (COE) and add notes/records to the student file.

After all results are available, Trainers must request to the Campus Manager to authorize the addition of units that have been failed in the previous term to be added to the student's current term timetable to enable the student to complete units within the expected duration and fulfil pre-requisite requirements. Every case is to be assessed individually. Support /intervention would be offered to the student at this time.

American College will only extend the duration of a COE -

- Under **compassionate or compelling circumstances**, when it is clear the student will not be able to complete by the end date of the COE.
- where intervention strategies have been implemented for students at risk of not completing satisfactory course progress
- as approved deferment or suspension of study

Staff are to firstly encourage students to increase their workloads to 'catch up' on any missed units. The College is open 5 days per week to further assist students. Trainers must consult with the Campus Manager before increasing or decreasing student workloads.

Where American College decides to extend the duration of the student's study due to any of the conditions above, American College will report via PRISMS and/or issue a new CoE if required. PRISMS will indicate to the user if a new CoE is required. This reporting must be done within 31 days of the determination that the student will need to change/extend the duration of their COE.

CoE changes performed by Admission staff

- When the student is required to repeat units in a study period, Admissions staff will be notified by the Campus Manager in writing, whether a change to the student COE and/or an update in PRISMS is required.
- Any record of variations to student enrolment must be kept on the student's file and updated in PRISMS as applicable.

A student who deliberately under-perform may represent a risk for American College's compliance of Standard 8 (*refer Student Code of Conduct*). In this instance American College would implement one of two options -

- Cancel the student's enrolment when the student is unable to enrol in an appropriate load as outlined in American College's *Deferring, Suspending or Cancelling a Student's Enrolment Policy and Procedure, Standard 9 and stated on the written agreement Std 2 & 3*.

Or

- Document the student's behaviour and, if the student requests an extension of duration of study, refuse to extend the CoE as outlined in American College's *Deferring, Suspending or Cancelling a Student's Enrolment Policy and Procedure, Standard 9*

American College must inform the student of its intention to cancel the student's enrolment and notify the student that he or she has 20 working days to access the Complaints and Appeals process.

If the second option is chosen American College must make the reasons for not granting a further CoE clear to the student.

Regardless of the option chosen, American College must be able to demonstrate that it has monitored the student's course progress and taken action to keep the student on track to finish within the duration.

Course duration comparison reports (PRISMS) are monitored by the Campus Manager a minimum of monthly to ensure COEs are not generated over the allowed durations. All entries on the report must be investigated/noted/corrected as applicable.

RPL Application Form

Recognition of Prior learning is a term that covers Recognition of Prior Learning (RPL), Recognition of Current Competency (RCC) and Skills Recognition. The term “recognition processes” refers to assessment processes that enable recognition of competencies currently held, regardless of how, when or where the learning occurred. Under the Australian Qualifications Framework, competencies may be attained several ways. This includes through any combination of formal or informal training and education, work experience or general life experience. In order to grant recognition of prior learning/current competency the assessor must be confident that the candidate is currently competent against the endorsed industry or enterprise competency standards of Training Packages or competency outcomes specified in Australian Qualification Framework (AQF) accredited courses. The evidence may take a variety of forms and could include certification, references from past employers, testimonials from clients and work samples. The assessor must ensure that the evidence is authentic, valid, reliable, current and sufficient.

To apply for RPL:

Please attach to this application supporting evidence which you believe will assist your application; for example copies of any statements, references or articles about your employment, evidence of education and training that you feel is relevant, a detailed Curriculum Vitae, letters references from previous employers / clients.

Also Include:

- Relevant work samples such as contracts, completed work projects, a folio of examples of previous work which indicates your level of competence
- Outlines of any formal or short courses which you have undertaken which demonstrate competence
- Any other information that you feel might aid your assessment (work experience life experience, ongoing training)
